Vivekananda Institute of Professional Studies GGSIPU,
Bachelor of Computer Applications
CGPA - 9.422

Dec 2020 – Jul 2023 | New Delhi

PROFESSIONAL EXPERIENCE

Impact Analytics, Software Engineer

Aug 2022 – present | Bengaluru

Core team-

- **Led a complete UI revamp** of the company's core microfrontend application (serving **40+ enterprise clients**), improving usability, performance, and scalability across platforms.
- **Engineered and shipped key features**, including a **drag-and-drop pivot panel for tables**, enabling advanced data manipulation and significantly enhancing analyst productivity.
- Drove **UI/UX enhancements and defect resolutions**, resulting in smoother workflows and contributing to the successful onboarding of **8 new clients post-migration**.
- **Collaborated cross-functionally** with product managers, designers, and backend developers to ensure seamless integration, consistent design standards, and high-performance delivery.

React demo team-

- **Co-built a dynamic application** that produces fully functional new apps from JSON inputs, reducing manual setup time by **70%**.
- **Developed and delivered 18+ high-impact demos** under tight deadlines, showcasing product capabilities to prospective clients and contributing directly to **successful client acquisitions and renewals**.

Impact Analytics, Software Engineer Trainee

Nov 2022 – Jul 2023 | Bengaluru

- **Engineered reusable UI components** with **MUI, Highcharts and ag-Grid**, enabling consistent design and reducing feature development time by **~20%**.
- **Implemented responsive, pixel-perfect UI designs** that streamlined client workflows and contributed to a smoother onboarding of **7+ clients**.

SwitchLabs, Software Engineer Intern

Aug 2022 – Oct 2022 | New Delhi

- **Developed an analytics system** to track user activity (views, time spent), enabling personalized discounts and boosting engagement by **~15%**.
- **Rebuilt company website** from **HTML/CSS/JS to React**, delivering a UI revamp with improved responsiveness.
